Insgroup's Tiffanie Parker Wins Texas Outstanding CSR of the Year

Houston, TX (June 1, 2016) – Insgroup, Inc. is pleased to announce that our own Tiffanie Parker has been selected by The National Alliance as the 2016 Texas Outstanding CSR of the Year. Each year, a group of exceptional insurance professionals are chosen by The National Alliance for Insurance Education & Research to represent their states and compete to become the National Outstanding CSR of the Year.

This prestigious award, regarded as the foremost national award of its kind, recognizes the contributions and commitment of those who serve clients within the insurance industry. Tiffanie began her career in insurance servicing personal line accounts and holds her CIC, CISR and API insurance designations.

To qualify for the top state honor, the 2016 candidates submitted an essay on how they came into the industry, and their reasons for staying and building a career. Winning the award was based on the candidate's essay, contribution to their agencies, and their letters of recommendation. Tiffanie is a shining example of customer service for the whole industry. She is eager to share her knowledge and raise the standard for personal and professional excellence.
